

# Manufacturer of Commercial Utensils, Crate & Parts Washing Machines

[www.rspmachines.com](http://www.rspmachines.com)

- ✓ Modern
- ✓ Efficient
- ✓ Hygienic

## We **RSP Machines**

Design and manufacture utensils washing machines that deliver higher cleaning performance, saves water and reduces operational effort. Each machine is built for hygienic washing, easy serviceable and long service life with daily efficient working.

## Advanced utensils **washing solutions**

Saves water, power & time

Trusted commercial kitchen designs

User-friendly machines

Low maintenance, high reliability

## Modern **features**

Double skin body

Smooth, fragile safe washing

Productive & efficient design

Universal utensils washer

## Door type utensils washing machine

The Door type utensils washing machine ensures fast, hygienic cleaning for commercial kitchens with efficient performance. Built with durable SS-304 stainless steel, it delivers long-lasting use, easy maintenance, and perfectly sanitized utensils.

### Door type - DT 100

#### Specifications

Machine Length (L x W x H)	600 x 600 x 900
No. of glass per Basket	25
No. of dishes / plates per basket	7 Dishes / 10 Plates
Plate Washing Capacity	200 Dishes and 300 plates per hour
Water Consumption per Dish (mL)	200 mL
Machine Power Consumption (Kw)	4 Kw
Detergent Consumption Per Cycle	5 mL

## Hood type commercial dishwasher

The Hood type commercial dishwasher delivers fast and hygienic cleaning for medium to large commercial kitchens. Its lift-up hood design and powerful wash system ensure efficient operation, durability, and spotless results.

### Hood type - SFH 1100

#### Specifications

Machine dimensions ( L x W x H )	2410 X 840 X 1700
Basket size	500 x 500
No. of glass per basket	25
Number of dishes & plates per basket	12 Dishes / 18 Plates
Baskets / Hour	60 (720 Dishes and 1080 Plate)
Washing cycle	1 (60 sec)
Water consumption per dish (mL)	220
Machine power consumption (kW)	8.5 kW
Detergent consumption per (Basket / Cycle)	2.4 mL

# Conveyor type commercial dishwasher

The Conveyor type commercial dishwasher is designed for high-volume kitchens, ensuring fast, continuous, and hygienic cleaning. With durable SS-304 construction, energy-efficient operation, and a high-temperature rinse, it delivers reliable and spotless results.

## Features

- ✓ Smart Solutions for mid-size Kitchens
- ✓ 60% water saving with recirculation
- ✓ Energy saving with heat recovery
- ✓ SS 304 rust-free body & conveyor
- ✓ Waste collecting drawer
- ✓ Low detergent use with RSP packs
- ✓ One-touch auto cycles
- ✓ Hygienic hot wash cleaning

### SFH 900 Free Loading System

#### Specifications

Machine dimensions (L W H)	2680 x 760 x 1480
No. of glass per basket	25
Plate washing capacity	900 Dishes and 600 plates per hour
Utensils loading height & width (mm)	300 x 500
Water consumption per dish (mL)	200
Machine power consumption (kW)	7.4 kW

### SFH 900 Basket Loading System

#### Specifications

Machine length (L W H)	3510 x 800 x 1720
No. of glass per basket	25
Plate washing capacity	900 Dishes and 600 plates per hour
No. of dishes / plates per basket	12 Dishes / 18 Plates
Water consumption per dish (mL)	200
Machine power consumption (kW)	13 kW

## SFH 1800 Basket Loading Drying System

### Specifications

Water drying section length (L W H)	4580 x 800 x 1720
No. of glass per basket	25
Plate washing capacity per hour	1200 Dishes and 1800 plates per hour
No. of dishes / plates per basket	12 Dishes / 18 Plates
Utensils loading height & width (mm)	470 x 500
Water consumption per dish (mL)	200
Machine power consumption (kW)	25.5 kW

## SFC 400 Crate Washer

### Specifications

Machine dimensions (L W H)	3657 x 730 x 1830
Crate washing capacity	400 crate per hour
Utensils loading height & width (mm)	628 x 460
Water consumption per crate (mL)	300 mL
Machine power consumption (kW)	20 kW
Crate washing process	360°
